CLUB WELCOME

Welcome to LJ Hooker Mile End Sports Park for today's Round 2 WNPL fixture between Adelaide Comets and Adelaide University.

We extend a warm welcome to the players, officials and supporters of Adelaide Uni, as well as our own members, families and the broader football community joining us today.

At Adelaide Comets Football Club, we are proud of the strong tradition and history that has shaped our club, but we are equally focused on the future. A key part of our vision is the continued development of our junior players and providing a clear football pathway from MiniRoos through to Youth and Senior WNPL football.

Over recent years the club has placed a strong emphasis on building a sustainable football program that prioritises player development, coaching quality and opportunities for young players to progress through the ranks. Our WNPL team represents the pinnacle of this pathway and serves as an inspiration for the many young players who train and play here at Ellis Park each week.

CLUB WELCOME

Football clubs are built on more than what happens on the pitch. The Adelaide Comets community is driven by the commitment of our volunteers, coaches, parents and supporters who contribute countless hours to ensure the club continues to grow and thrive.

We thank you all for being part of that journey.

We hope you enjoy today's match and look forward to seeing our players represent the Comets with pride.

GO COMETS

Adelaide Comets would like to thank the Federal Member for Adelaide, Steve Georganis for his support in, Promoting heart health through sport

The Heartbeat of Football Foundation is a not-for-profit organisation established in 2016 by media personality and football advocate Andy Paschalidis, following cardiac arrest incidents on football fields.

The Foundation promotes healthy hearts in sport through three key pillars: Awareness & Education, Prevention, and Action. It delivers community programs to increase heart health awareness, encourages simple cardiac screening checks to reduce risks, and ensures sporting clubs are “rescue-ready” with accessible defibrillators and CPR/AED training.

By focusing on proactive testing and access to life-saving equipment, the Foundation works to reduce cardiac events in sport.

Its goal is clear: zero heart-related deaths at sporting grounds in Australia, while building stronger, healthier and safer communities nationwide.
